AfDB and ALSF partnered to strengthen the legal capacity of high level officials of São Tomé and Príncipe

The African Legal Support Facility (ALSF) in partnership with the African Development Bank, notably STFO, concluded one week (from 2nd to 5th June 2014), training to high level Senior Officials from several Line Ministries of the Government of São Tomé and Príncipe (STP) including staff of the Ministry of Finances (Directorate of the Department for Patrimony), Ministry of Justice, mayors of various districts, and the President of the Bar Association.

The training consisted in developing skills on how to create a Public Private Partnerships (PPP) legal framework taking into account the country's specific characteristics. This was the first of three modules of the training that will be provided to High Level Officials of STP aiming at developing national capacities to create draft legal framework for PPP in order to improve the legal environment in STP through the creation of a more conducive environment for private sector activity.
